What could be more fun than riding a pony? Well, maybe going down a giant inflatable slide, or playing a carnival game and winning a prize.

Most children love to get messy and they will have that opportunity at the "hands on activity" area. They can play in tubs of artificial snow, blow large bubbles with a straw on a bubble table, or experience the fun of playing with shaving cream. All materials are non-toxic.

There will be an Art table to give the children a chance to be creative.

Is there any child that does not enjoy using glue to make a craft that they will be proud of? I don't think so! Join us at the table where we will be making patriotic hats.

For those who like to sit and listen to stories, a librarian will be in our area for a short time in the PM and AM.

The Janesville Fire Department, Station #1, will be at the event if possible in the PM and AM.
